

Name

# Make Your Own Bird

Go on a hike with your class to see birds or view them through a window. Next, research birds from books, internet or video. Create your own imaginary bird by filling out the following questions. On the back of this sheet of paper create your bird living in its habitat with its nest and food according to your answers.

Name of Bird:

Size:

Color:

Food: (This will determine what kind of beak your bird will have.)

Habitat: (This will determine what kind of feet your bird will have.)

Nest:

Other (i.e. special feathers, leg/neck length, wing, tail, body shape, etc):
